Companies are eligible to send their employees if they are:

- Sole Trader or Partnership
- Private Limited Company
- Voluntary/Community Sector/ Not For Profit
- SMEs (employing fewer than 250 employees)
- Annual Balance Sheet < €43M or Annual Turnover < €53M

How is the course delivered?

- Pre-course interactive learning module aimed at giving the learner an insight into energy efficiency and sustainability.
- 1 day group workshop featuring presentations, active discussions and 2 multiple choice assessments.
- Course is delivered by highly motivated experienced trainers.

ABC Level 2: Sustainability and Renewable Industry

Successful completion of the ABC Level 1 Course will enable you to automatically enrol for our online ABC Level 2 course... **completely free of charge!**

The Level 2 has been developed in response to a recognised skills shortage within the sustainable energy sector. It provides learners with specialist and transferable skills in addition to a concrete understanding of the following:

- Sustainability in the renewables industry, including the promotion of sustainable development
- The roles of wind and biomass
- Comparative costs of energy production.

Other sources of fully funded training

Our access to European Social Funding (ESF) means that we are in a position to connect you to fully funded training across a range of subject matters including:

- Recruitment
- Customer Service
- Business Administration
- Leadership & Management
